

# LUMATECH

BRIGHT PEOPLE BRIGHTER SOLUTIONS

COMPANY PROFILE

# OUR MISSION

To provide the best lighting repair, maintenance and installation services in the state of Arkansas and surrounding areas.

We strive to achieve this mission through our staff of expert lighting professionals and commitment to excellence in our trade. All of our technicians are CSLT or CALT certified by NALMCO, the most respected name in the lighting management industry. Plus, all of our technicians are state-licensed electricians and regularly participate in training programs from GE, Sylvania, Philips and other lighting manufacturers. We're dedicated to using our breadth of knowledge and training to help businesses in Arkansas and beyond improve the lighting in their facilities while saving money on maintenance and energy costs. Our goal is customer satisfaction – we take the hassle out of lighting and illuminated sign maintenance for businesses across the state. While we use the latest technology to ensure the quality and efficiency of our business, we are most proud to offer our personal and professional service to exceed our customers' expectations.

**Lighting. It's what we're about. It's all we do.**

## OUR SERVICES

### We offer:

- ✔ Planned lighting maintenance programs
- ✔ Interior and exterior lighting service
- ✔ Sign installation and repair
- ✔ Energy-efficiency audits and retrofits
- ✔ Electrical service
- ✔ 24-hour emergency lighting service

Our planned lighting maintenance programs take the hassle out of unexpected repairs. We're there to closely and constantly monitor the performance of a building's lighting system. These programs can be customized to our customers' needs and include:

- ✔ Group relamping
- ✔ Night audits and inspections
- ✔ Fixed-fee contracts
- ✔ Routed lighting maintenance
- ✔ Multi-state facility service

Whether a business needs a one-time repair, an upgrade or overall maintenance, we make sure the business is getting the most out of their lighting. We provide:

- ✔ Energy-efficient lighting upgrades
- ✔ Fixture replacement and repair
- ✔ New installations
- ✔ Lighting improvements
- ✔ System evaluation and audits
- ✔ Infrared scanning

We specialize in the installation, repair and maintenance of illuminated signs for Arkansas businesses. Our services include:

- ✔ Installation
- ✔ Repairs
- ✔ Refurbishment and re-facing
- ✔ Light source and wiring repairs
- ✔ Light source replacement
- ✔ Bird control
- ✔ Energy-efficient LED upgrades
- ✔ Neon

With our thorough and dedicated services, businesses can expect:

- ✔ Improved quality of lighting
- ✔ Lower operating costs
- ✔ Reduced liability
- ✔ Lower energy consumption

# OUR HISTORY

Ben Grothe is the founder and CEO of LumaTech. Ben has worked in the lighting industry for more than 17 years. When he moved to Little Rock in 2004, he observed that Arkansas did not have any professional lighting maintenance companies. So in 2010, he founded LumaTech. LumaTech is the only professional lighting and sign maintenance company in the state of Arkansas and has since expanded its services to customers in the surrounding regions of the United States.

LumaTech's goal is to provide the most cost-effective lighting maintenance solutions to building owners while improving the quality of lighting in their facilities.

Founded: 2010

Founder and CEO: Ben Grothe, CLMC, CLEP, CSLC

Associations: BOMA, IES, IREM, PLASMA, NALMCO, Little Rock Chamber of Commerce, Arkansas Apartment Association
